

Sainsbury's Bulk Order Process

Sainsbury's sometimes allows charities and non-trading organisations to order in bulk.

Bulk Order Process

If ordering from website

If you are ordering a large amount of an item from Sainsbury's website - always state in your order/delivery comments that you are a food bank/charity. Accounts can be suspended if Sainsbury's believes you may be re-selling products.

Large bulk orders

If your order is not permitted to do online as it is too large. You can ring Sainsbury's Groceries Online: 0800 328 1700. Select any option to get through to an advisor. Tell the advisor **you are a charity and you wish for them to submit a bulk order form** for you. Make sure to have the details of what you wish to order ready.

Discount

As far as IFAN is aware, Sainsbury's offers no charity discount for bulk purchases.
